The Solar Stronghold uses 20% of your maximum Qb every time you are hit, but you become invincible if the damage is less than 1000 until the end of the turn. If you haven't done so yet, you can consult our guides to evolve your gear, which may be necessary for future missions and successes. A Wakfu equals 75 QB and at the starting level with 0 modifiers you will have 500 QB. The last rune generated gives 10% more mastery in that element.Now I know the magic of light sounds good, but it requires Quadramental Breeze. We recommend you to quickly access the Pandawushu coves, which can only be done once a day, and the very long hunt for spirits. Heart of Fire makes you super Saiyin and you lose 25% of your maximum QB every turn but in return you deal 20% more damage. Unless you're a mega ultra nerdy mc nerd face don't pick hupper and even then I wouldn't advise you to. Guide to debut on Dofus Temporis you are invited on Dofus Retro! You can also take the opportunity to bring your harvesting trades (Paysan, Alchemist, Butcher, Minor, Hunter) to level 10.
